Columbarium Installation at the Abitibi Cemetery

Thursday, July 25th, 2024

We are pleased to announce that the Town of Iroquois Falls is in the final stages of expanding and enhancing the Columbarium Area at the Abitibi Cemetery.

As part of this project, a 72-niche round center columbarium, two rectangular 48-niche columbariums, and two curved 48-niche columbariums will be installed on Tuesday, July 30th, 2024. Following the installation, we will finalize the landscaping upgrades around the new structures.

We kindly ask residents to avoid the columbarium area during the installation process for safety purposes.

Please note that the sale of niches from the new columbariums will only commence in October 2024.

The Town of Iroquois Falls is committed to providing respectful and serene spaces for our community members and their loved ones.
